

Clean Waste Days

The old Asquith Landfill site will be open from

9:00 a.m. to 3:00 p.m.

Sunday:

November 1st

This is for disposal of tree branches, "clean wood" (wood or lumber that has not been painted or treated), grass clippings, leaves, and general garden waste. The site will be open for depositing this "clean" waste that can be burned in the winter months.

- Any waste that is brought in garbage bags will need to be dumped out and the bags taken back with you.
- Loads should be tarped and strapped if they are large. There are fines for refuse that falls out of your vehicle en route to the landfill.
- Any attempts to deposit refuse other than that stated will result in you losing all privileges to use this service again.

This is for residents of the Town of Asquith ONLY!
