

Delisle Community RCMP Detachment

Delisle Community Detachment is located at 201 1st St. West in the same building as the Town Office and Wheatland Library. Delisle Detachment is amalgamated with Martensville, Radisson and Warman with a total complement of 30 sworn police officers, one community constable and 7 civilian support staff.

The Detachment provides 24 hour policing coverage and encompasses much of the area surrounding Saskatoon to the north and west. This includes the RMs of Corman Park, Vanscoy, Montrose, Great Bend, Mayfield and all of the cities and towns within those boundaries, except for the Town of Dalmeny, which has its own police service. **The RCMP encourages the general public to contact them whenever there are policing issues; e.g. traffic violations, theft, vandalism, etc. If citizens do not contact the RCMP, the RCMP are not aware of the problem and are therefore unable to allocate manpower to the problem or the area.**

Criminal record checks for employment or volunteer purposes are available. If you live in the Delisle area, you must apply for the record check at Delisle. You may go to Martensville or Warman office if you are unable to attend the Delisle office during their open hours. However, be aware that there is a \$40 fee charged at both of these locations for all criminal record checks and vulnerable sector checks **for employment purposes. For volunteer positions at ALL LOCATIONS you must present a letter or email from the organization you are volunteering with in order to get the record check at no cost. YOU CANNOT HAVE IT DONE IN SASKATOON!!!**

You must appear in person with 2 pieces of valid government issued identification (e.g.; driver's licence, health card, passport). Please make sure to apply for your record check well in advance of when you need it as delays do exist.

Delisle office hours are Tuesdays and Thursdays 8:30 am- 12:30 pm and 1:30 to 4:30p.m.

**Non-emergency calls can be made to (306) 493-3240 or
306-310-7267**

Emergencies should be communicated through 911.
