

Reports from August 12th, 2026, Regular Council Meeting

Utilities

Foreman Desrosiers reported that:

- A pump was replaced at the water treatment plant and that a float valve will be replaced when parts arrive. This should stop the intermittent alarm issue;
- Burwell Trenching & Electrical Ltd. are rebuilding a portion of the lift station to keep it operating until it can be completely replaced;
- There was a water main break on the 400 block of Cory Street that required the removal of concrete from a driveway over the boulevard; and,
- Work is underway at another leak further north on the 400 block of Cory Street on the property owner's portion of the line.

Fire Department and First Responders

Mayor Stobbe reported that the Fire Committee would like to meet quarterly with AFD executive members and she plans to contact AFD to coordinate.

Streets and Town Property

CAO Montgomerie reported that the Town will receive a grant from the Provincial Traffic Safety Fund to install a streetlight at the intersection of Lunn and Railway Avenue.

Foreman Desrosiers reported that:

- Raider Asphalt still plans to come out again to complete more street patching;
- Multiple stop signs were replaced this week; and,
- Puck board was installed on the ends of the outdoor rink.

Finance

CAO Montgomerie reported that the Canada Community-Building Fund (CCBF) approved fund allocation for the water treatment plant generator project. A sign will be erected to signify their contribution.

Waste Disposal

None.

Rink, Cemetery, Sportsgrounds

None.

Recreation Committee

Mayor Stobbe reported that sales for the Chase the Ace fundraiser will start August 17th with the first draw September 2nd. Ticket books will be distributed tomorrow, and the dedicated bank account has been opened.

Town Personnel

CAO Montgomerie reported that Bennett Maier's last day will be August 14th.

Policing

None.

Building Permits

None.
